Dear Sir Robert.

I enclose the memorandum re expenditure for Argyll House for which you kindly asked also some details about. 82 St. George Street. Mrs. Arthur Blake who owns 84 St. George St. is in town now & I know that she is willing to sell.

I have sent a duplicate memorandum to Dr. Macdonald. If this property is to be bought it is important that the Students should know & the accommodation before they go away.

I suggest that the horses be
taken to and from medicine a good
deal & furniture for 52 St. George
can be taken from the Powells
at a low price.

I can manage to give meals
to three students at the union
but should & cannot have to
consider applications from here
therefore I could not take
the responsibility & such horses.
I hope something may be done
as next year this district will
be more crowded than ever.

Yours Sincerely
Margaret Strong

Dear Sir Robert.

The Y.W.C.A. have been asking me whether there is any chance of the Student residents having quarters in the College Y.W.C.A building next term. Some time ago, as chairman of their Committee, I wrote to you about the matter & it was to come before the Board of Governors. Also I am anxious to know whether the University is going to make any further provision for women in St. George Street. Students are beginning to come to me about rooms for next term & want-

to make arrangements before leaving
Town - I will send a P.C. ?
Correspondence if they can have
some definite information sent.
My schemes which I send in
Part. books are based on having
additional rooms in this district.

Yours Sincerely
Margaret Lowry.

Dear Sir Robert.

I wanted to see you this morning about a question that has arisen with regard to 52 St. George Street. Mrs Powell, the owner, has taken steps on my recommendation - has all year on the understanding that the house was for sale the second ~~year~~ year. This year steps should ~~not~~ ~~have~~ ~~been~~ ~~taken~~ ~~until~~ June (25th) The sale to the University was closed on May 10th last. Mrs Powell did not -

knows that from that date she paid rental to the university or she would have moved at once. She has received a letter from the university stating that rent is due. As she ~~too~~ did not understand the arrangement & has stayed on only to accomodate students who finish exams. She would I wondered if the university would withdraw the demand for rent. from here by 10th. The house will be empty by June 2nd or 3rd & we have had the advantages of a residence for 16 students all under natural financial

responsibility. Mrs. Le Pan thinks that it would be reasonable to defend [illegible] the law on this account. She spoke to me about the matter this morning & asked me to see you about it - if I thought well as I knew the use to which the house had been put during the winter.

Yours sincerely,
Margaret Laing

Dear Sir Robert:

I thought you might have liked to have the details I mentioned with regard to 92 & 94 St. George Street in writing.

As to applications There are 35 applications for rooms in my hands now. Argyll House can accomodate 7 so there only this leaves 28 to be dealt with. Of this number only 3 are first-year students applications from final year both came in later. There will therefore be great difficulty in accomodating women students next term without

with horses.

As to estimates certain items included in the estimates for furnishing may be reduced or eliminated. The floors are in good condition so that rugs need not be provided. I think that the sum allowed for a chair beside each bed. The estimates for curtains might be reduced £ about £100 00, & if necessary students might bring their own linen & possibly blankets. This would reduce the estimates £ about £900 00/00. I think that I might get the common rooms furnished privately which would take off at least £200 00/00

Additional revenue from summer session students can certainly be obtained ~~more~~ than $3.00 might be charged for the 9 or 10 single rooms. I should suggest $3.50 to $4.00 a week for these.

Yours sincerely
Margaret Strong

The medical women who cannot be taken into the residence are perhaps the people most in need of this accommodation.
